

# HOLLANDER design | LANDSCAPE ARCHITECTS

We seek a **senior landscape architect**/ landscape designer with 8-10 years of professional experience to join our **Residential Studio in our New York Office**.

## About us

We're a nationally recognized and growing AD100 design firm working on exciting projects from the Hamptons to Hong Kong. Our works covers a wide range of scales with a focus on private residences, urban rooftops, parks, campuses, historic landscapes and luxury real estate development. We believe in a family-first work environment that balances life with work. And in doing best-in-class landscape architecture because excellence makes us happy. Our work centers around responding to three ecologies in every project: the site's ecology, the architectural ecology, and the human ecology.

## About you

We're looking for a candidate who:

- Is an effective leader in a small-team setting on a wide range of project types.
- Demonstrates interpersonal, team leadership and organizational skills
- Is excited by the hands-on nature of work that includes physically sketching in addition to computer rendering; getting out into the field for construction administration and placing plant material.
- Is ready to be a part of an always-learning environment that regularly offers continuing education opportunities
- Shares our commitment to thoughtful, innovative design solutions appropriate to three ecologies: the site's ecology, its architectural ecology and its human ecology.
- Is interested in a fast-paced and rigorous design process that results in outstanding built work with a high level of detailing.

## Required Skills:

- Experience leading complex projects from schematic design through construction documentation and implementation.
- Project management experience in high-end, single family residential design; urban private rooftops; or small-scale commercial development.
- Experience working directly with clients and successfully coordinating deliverables with contractor, consultants, and lead team members
- Highly organized with strong written and verbal communication skills.
- Ability to lead multiple tasks in a fast-paced studio environment
