

**Ready for the next evolution of your landscape architecture career?  
Let's craft it together.**

Innovative, high-tech landscape architecture firm in beautiful and convenient Rye, New York, seeks creative, self-motivated landscape architect or designer to join our growing team. If you enjoy your work and can juggle varied tasks accurately and efficiently in a progressive, collaborative environment, we'd love to meet you.

**Here's what we have to offer:**

- Open, spacious and light-filled office, walkable to Metro-North train
- Easy parking and downtown location adjacent to restaurants, shops & highways
- Summer hours Memorial Day to Labor Day
- Flexible schedule with possibility for hybrid work
- Health insurance plan
- "Flex Time" model of paid time off
- Competitive compensation package according to experience
- Licensure and continuing education support
- Total project involvement from design through construction - watch as your projects come to life and improve the daily lives of our clients

**Skills you need for this position:**

- Proficiency in autoCAD
- Knowledge of construction methods
- Regional plant knowledge
- Accurate preparation of Construction documents, details & presentation drawings
- 3d software experience helpful
- Ability to communicate effectively with clients, coworkers, contractors & various allied professionals in a varied, fast-paced environment
