Joanna Pertz Landscape Architecture 68 Jay Street, Suite 820, Brooklyn NY 11201 t: 718.797.1106 w: joannapertz.com

Position for Hire

Landscape Designer (Mid - Level)

Joanna Pertz Landscape Architecture (JPLA) is seeking a full-time landscape designer with 3-5 years of experience to join our team.

Location: DUMBO Brooklyn, New York

Our Practice

Joanna Pertz Landscape Architecture (JPLA) is a small, dynamic, award-winning design studio based in Dumbo since 2004. JPLA has built a portfolio of landscape design work that includes a range of project types and scales set in New York City and its surrounds. Projects include hospital campuses, multi-family residential developments, courtyards, terraces and rooftops, public waterfront parks and small private gardens. JPLA also provides long term landscape maintenance oversight for select clients. The studio fosters a collaborative environment and places a high value on design, sustainability and the craft of built work.

We are looking for a highly motivated, creative, and experienced individual to join the studio. The candidate should have 3-5 years' experience and possess the desire, skills, and capability to manage projects and to carry out production on the full range of the practice's work from concept studies, graphics and renderings to construction documentation, detailing, specifications and construction administration. The position will also entail contributing to non-project work that may include contributions to awards submissions, marketing, promotional materials, work on landscape maintenance oversight, site visits with travel within New York City and surrounding areas.

Salary is commensurate with experience. The position is for immediate hire.

JPLA, PC is an equal opportunity employer.
